

Evergy Green Team invites area youths to dove hunt

TOPEKA, KS – July 27, 2023 – Dove season is here and the Evergy Green Team is hosting its annual youth dove hunt to kick off the season. It's an excellent way to learn dove hunting basics, with plenty of birds flying at close range. The hunt will take place at Jeffrey Energy Center in St. Marys, KS, on Friday, Sept. 1 (afternoons only) and Saturday and Sunday, Sept. 2 and 3 (mornings and afternoons).

Youths 16 and younger may participate in the hunt. They must bring their own shotguns, be accompanied by a non-hunting adult, and, if age 16, have a license and Harvest Information Program (HIP) stamp. Non-toxic shells will be provided.

The spacious wheat and sunflower fields have been prepared to draw plenty of doves, so the action should be lively.

Hunters will be scheduled as requests dictate and hunting groups can be formed. Priority will be given to first time or less experienced hunters. To request an application, please email GreenTeam@evergy.com. Applications are due by noon on Friday, August 18.

The Evergy Green Team is a group of employees and retiree volunteers that complete an average of 60 environmental projects each year. They collaborate with conservation groups, agencies and schools to enhance and foster an understanding of the environment, as well as improve natural habitats and provide access to important environmental areas.

About Evergy, Inc.

Evergy, Inc. (NASDAQ: EVRG), serves 1.7 million customers in Kansas and Missouri. Evergy's mission is to empower a better future. Our focus remains on producing, transmitting and delivering reliable, affordable, and sustainable energy for the benefit of our stakeholders. Today, about half of Evergy's power comes from carbon-free sources, creating more reliable energy with less impact to the environment. We value innovation and adaptability to give our customers better ways to manage their energy use, to create a safe, diverse and inclusive workplace for our employees, and to add value for our investors. Headquartered in Kansas City, our employees are active members of the communities we serve.
