

Evergy's Hometown Grants awarded to three area non-profits

Recipients will receive up to \$10,000 for projects focused on providing basic needs to the community

Kansas City, Mo. – March 31, 2026 – The recipients of Evergy's 2026 Connecting for Good Hometown Grants program have been chosen. The three non-profit organizations will receive up to \$10,000 to support a new or expanded project or program focused on providing basic needs to the community.

- **ICT Food Rescue, Wichita, Kan.** – The Food Recovery Program links surplus food to neighbors in need.
- **Child Advocacy & Parenting Service, Inc., Salina, Kan.** – The Family Mentoring Program provides comprehensive, professional support for overburdened families.
- **Care Cupboard Hygiene Pantry, Parsons, Kan.** – The Hygiene for Hope Program connects families to hygiene, dignity and stability through community care.

A record number of non-profits across our service area applied for this year's program. Evergy selected 10 finalists from qualifying applications. The 10 finalists were then up for public voting through Evergy's Facebook page March 16-25. The three organizations with the most votes on Evergy's original post won.

Evergy's Hometown Grants is just one way Evergy supports our customers and communities. Additionally, Evergy provides about \$7 million annually to local non-profits and offers customers an array of face-to-face support, bill payment and energy savings resources. Customers can visit our [Energy Assistance page](#) for assistance information. More details about Evergy's community impact can be found on our [Community Involvement page](#).
