

Evergy news conference: Update on power outages and windstorm

KANSAS CITY, Mo. – Dec. 15, 2021 – Evergy will provide an update regarding power interruptions due to the extreme wind conditions in our service area today. Extreme wind speeds, in excess of 85 mph, have caused substantial damage in our service area, including poles and wires down.

As of 7:30 p.m. more than 174,000 Evergy customers were without power. Evergy crews are working alongside additional contract crews to restore power and will continue to do so as long as conditions remain safe for their work.

Chuck Caisley, Evergy senior vice president and chief customer officer, will provide brief remarks and be available for questions.
